# *Two-day Skill-building Training on*
# The ASAM Criteria
## May 20-21 & July 15-16

This two-day, application-focused training provides participants with an in-depth look at the theoretical foundations of the Criteria, including clinically driven services, biopsychosocial assessment, the six dimensions, continued stay and transfer/discharge criteria. Incorporating the use of the new edition of *The ASAM Criteria*, participants have opportunities for skill practice at every stage of the treatment process: assessment, engagement, treatment planning, continuing care and transfer or discharge.

As a resource for continuing skill application, all participants will receive:

- a copy of *The ASAM Criteria 3rd Edition*
- an in-depth Training Journal to guide the training

Both included in the registration fee!

Participants will earn 13 NAADAC CEU's for attendance in both days.

---
